

22Q2 "CAREER DAY IN A BOX" TASK FORCE SUMMARY

OBSTACLE

To remove roadblocks and barriers to establishing a building decarbonization workforce training protocol or approach that combines classroom training with on-the-job training that is tied directly to jobs.

- SANDRA HENRY
SENIOR DIRECTOR,
ENERGY & SUSTAINABILITY

SOLUTION

22Q2 BUILDINGS & CONSTRUCTION 12 MONTH SOLUTION

- Clean Energy HS Career Day in a Box**
- M1: Research other green & sector-specific career days
 - M2: Identify and engage stakeholders in schools, labor, companies, politicians, CEJA hub
 - M3: Develop Career Day program & marketing for a school

- TABLE #1

22Q2 “CAREER DAY IN A BOX” UPDATES:

Milestone: Identify and engage stakeholders such as schools, labor unions, and CEJA Coalition

- Participated in CEJA Workforce Hubs stakeholder process
- Attended ComEd career fair
- Collected initial video content focused on skilled trades
- Drafted Call to Action and Script for more video interviews
- Next step: compile video testimonials from across the “green economy” to include in energy career curriculum
