Any suggestions?

- I would love to stay involved with this effort.
- For the session immediately following the presentations, I would suggest that AEG reach out to some registered participants to have thoughts ready to go (so that there are at least some participants who have already thought through responses). Recommend sending the invite for 2 hours, and then indicating that the final 30 mins will be an informal gathering of ideas as one might have in a physical conference setting. I had already booked an 1130am mtg, so I had to leave shortly into that session as much as I would have like to stay.
- maybe add 1-2 minutes for QA to each of the speakers?
- An excellent forum to connect leaders who can move the ball !
