How likely are you to recommend AEG events? (5 = very likely)

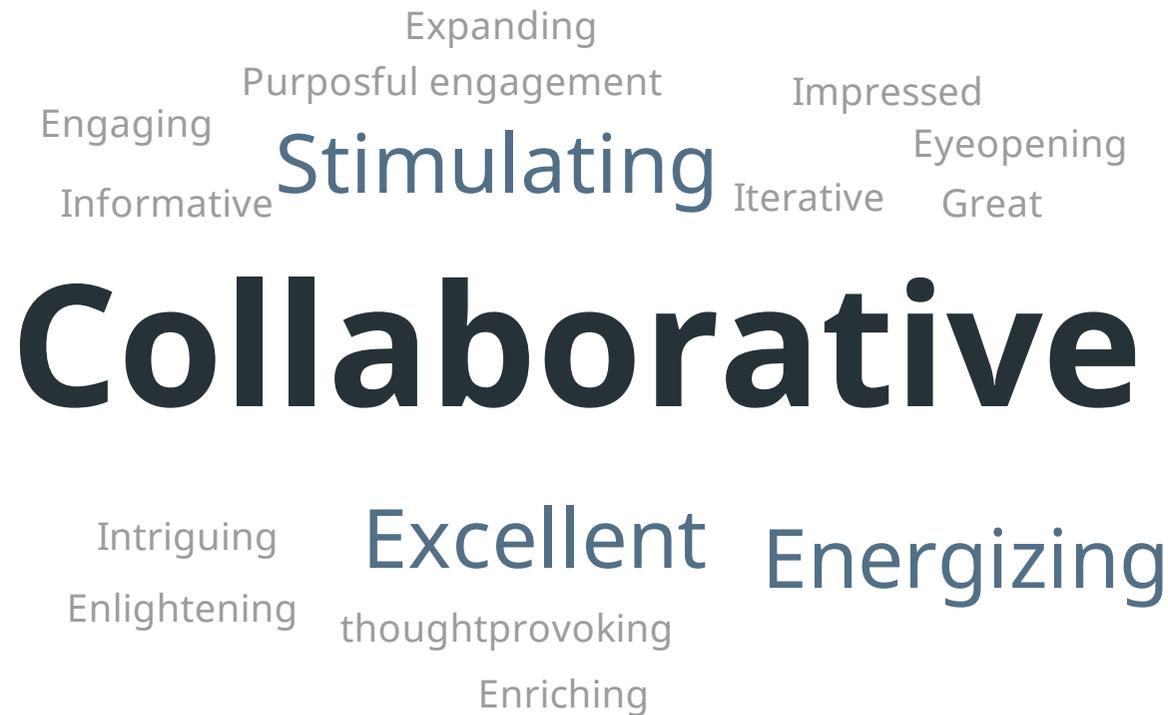

Score: 5.0

Post Event Survey (2/4)

0 2 2

In one word, how would you describe your experience?

Post Event Survey (3/4)

0 1 2

Please leave us a testimonial and include your name.

(1/3)

- There's incremental value in building partnerships, and today's challenge illustrates how meaningful thought partners can drive solutions of inequities in the clean energy sector. -Ruth Georges
- What an amazing experience. Thank you so much for inviting me.
- X
- Always a tremendous collaboration of thoughts and ideas. Great learning experience. Paul Cleary
- Very positive first experience. A great way to acquire new perspectives and encourage the thought processes to define how those new thoughts may mesh with or inform my sphere of influence as well as promote contributions of a variety of people toward achievable near term results. Steve Johnson
- It was great to

connect with fellow change agents in a guided and targeted way about addressing energy and resiliency issues in an equity centered manner.

- The wide variety of perspectives brings actionable insights to current problems
- Great convening with a diverse array of talented, inspiring professionals across multiple disciplines. Great facilitation to challenge

assumptions and drive towards impactful, realistic plans that can be executed in one year. Jim Goudreau

- Great experience. A new way to collaborate on difficult issues. Jason D'Antona
- Each session gets more exciting as we gain momentum with equity and energy. --Karen Weber-Salamanca
- Today was my first event w AEG and I

am so impressed with the format
but even more so with the
excitement of tangible and
meaningful outcomes and progress!

Meredith Boericke, Eversource

- Great workshop addressing key issues in a compelling way- Gary Leatherman

Any suggestions?

- X
- Do you provide an attendee list for each session? Might facilitate future collaborations as ideas evolve or new opportunities arise. Some exchange of contact information happens naturally but done centrally might bear fruit
- Continued focus on climate equity issues regardless of proposed technology solutions.
- None. Thank you for allowing me to participate!
- Provide a bag lunch.
- No
