Chairman

Illinois Commerce Commission

A problem related to Resiliency, Critical Infrastructure and Microgrids that needs a near term solution and requires collaboration is...

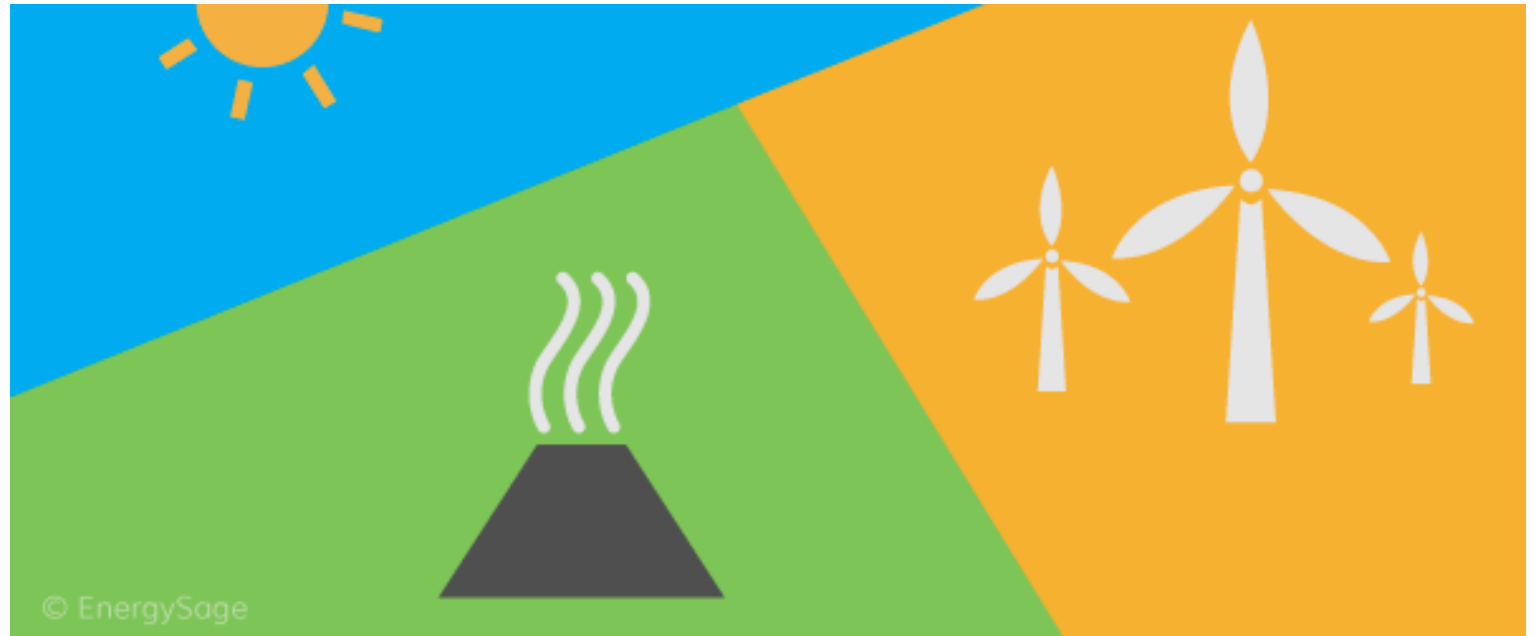

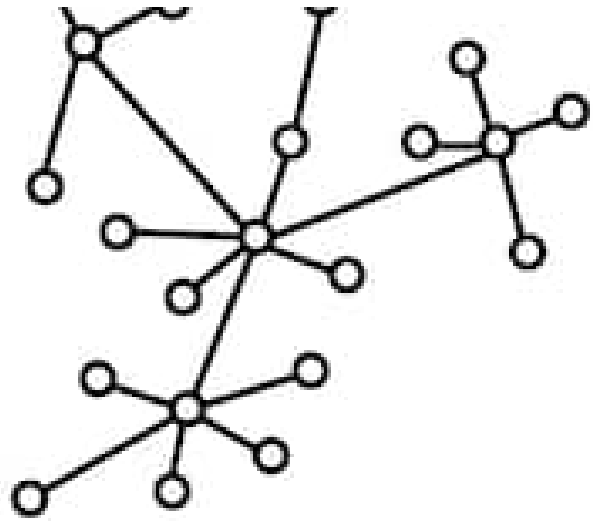

Creating a more constructive and flexible regulatory environment that enables innovation and learning

It began with microgrids

The modern microgrids

Current development trends

COMFORT ZONE

Resistance to innovation

An illustration of a regulatory sandbox. It features a large, red, square-shaped frame with a thick border, set against a dark teal background. Inside the frame, the floor is a light tan color. Three stylized human figures are positioned around the frame, each sitting on a small stool and working on a laptop. One figure is on the left side, another on the top side, and a third on the right side. The text 'Regulatory sandbox' is overlaid in the center of the frame in a white, sans-serif font. A thin white vertical line is positioned to the left of the text.
