

Connect people to the stuff they want to do.

Circuit is a free, local, electric shuttle that helps people get around the neighborhood. We work with cities and brands we love to make it free. And sometimes we give out free stuff!

CONNECT

On demand service through our app. Just drop a pin.

REDUCE

All electric cars reduce emissions and the cost of fuel.

STREAMLINE

Smart transit uses data to streamline the service and decrease wait times

20+ Cities

National reach in 8 states

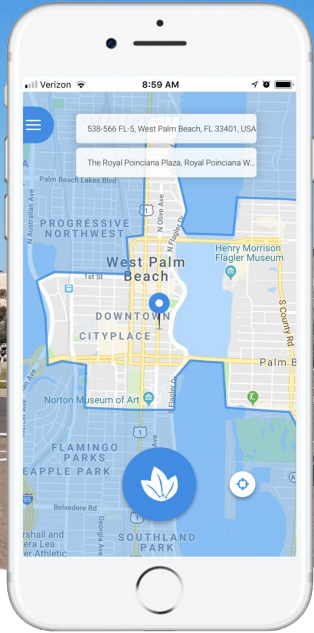

3 Million

Rides and growing

350+

Successful Campaigns

“Circuit has served as the integral partner of a highly utilized and sustainable transportation system in San Diego...”

— BEN, CIVIC SAN DIEGO

Benefits of Service

Our eco-friendly electric shuttles improve quality of life in your city

We take cars off the road, supplement public transportation programs already in place, and bridge the first/last mile gaps.

Our service keeps your community moving into the future.

FREE

Free to ride,
accessible to all

ALL ELECTRIC

Reduces greenhouse
gas emissions

CONCENTRATED

Geo-fenced coverage
areas focus on relieving
congestion

CREATES JOBS

We create W2 jobs
for people in your
community

Engaging Consumers

DESIGN

Eye-catching shuttles break through media clutter

ENGAGE

Sampling, giveaways, videos and post-ride messaging allow for meaningful engagement

FREQUENCY

Compact routes in busy pedestrian areas offer multiple opportunities for brand exposure

SHAREABILITY

Connecting with riders to create future points of contact
