

BlocPower

Heat Pump Installation

BlocPower analyzes, finances and
installs heat pumps. Labor costs are TOO
HIGH.

BlocPower wants to collaborate to
Lower Labor Costs on Heat Pump
Installations

Heat pumps provide emissions reductions, energy bill reductions, and dramatic health and comfort improvements

Low income and moderate income building owners will not be able to install heat pumps if we do not achieve lower labor costs.

Re: Building and Construction, To achieve NYS Carbon and Equity goals, the most critical obstacle for BlocPower to overcome is lowering heat pump installation labors costs
