In one word, how would you describe your experience?

Post Event Survey (3/5)

0 1 2

If you were inspired by IRAC 2022, we would be grateful for a testimonial. Please include your name and organization so we can highlight your leadership. ** Please note that submitted testimonials may be used for marketing purposes.

(1/4)

- Dr Indra Haraksingh The University of the West Indies
- No
- Impressive work. Olive Wilson Cross Ministry of Science Energy & Technology
- Nigel Burgess, Regulatory Authority of Bermuda IRAC provides an encouraging experience to be in the presence of and provide solutions to real world problems faced by our peers.
- Attending the #IRAC2022 provided greater detail and context of the challenges regional governments have to face in developing resilient infrastructure coupled with a solid recovery plan. It is no longer possible to put pace climate

(2/4)

change but it is possible to build in resilience and swift recovery and IRAC conveyed this. Hon. Akierra M D Missick, Minister of Physical Planning & Infrastructure Development, Turks & Caicos Islands Government.

- GIRI iyer , sentient energy. Pleasantly surprised at the design of

CREF that forces audience interaction and engagement. Loved it !!!

- I see the connection of the work done last year by the group with this year, I see the strength around the room and I believe again that our opportunities far outweigh our challenges. This event becomes a touchstone

(3/4)

for me, year on year. There can be no underestimation of the value to this civil servant. Our work is meaningful and impactful, and this event underscores that, and re-energizes my commitment to my country and the region.

- IRAC presents Caribbean challenges to diverse teams of experts who will work towards practical

solutions to that problem. This assists governments in meeting these challenges at low cost.

- Rick Warner
- The IRAC 2022 was/is relevant, well-facilitated and felt meaningful
- Bermuda is currently benefitting from participation in IRAC. It is a

(4/4)

valuable tool for the region and
more jurisdictions should
participate

- Ezra Prescod Sagicor Life Inc

How can we make IRAC more useful for you?

(1/2)

- Pre Conference guidance
- By sharing ideas
- Technical assistance to work on the engagement of some specific stakeholders
- More material whether printed or embedded in the CREF app. Also discourage the IRAC pitches to be regionally based and not country specific.
- Involving the industries developer of power plant and grid under one complete value chain
- Copy of island presentations please
- Maybe connect the years' challenges for an even more meaningful piece of work.
- Remove the additional registration to allow for greater participation
- Share the progress and learnings
- It is already useful
- Presentation of challenges before sessions would provide more indepth discussion and resolution
- Actually do what this meeting is supposed to deliver.

Post Event Survey (4/5)
