- Always relevant topics and interesting participants. Lou Lombardozzi
- Shaun Hoyte, Con Edison AEG events continue to engage thought leaders to discuss and tackle some of the most pressing challenges related to energy, resiliency, transportation and critical infrastructure. We are in the age of consequences and through this dialogue we have an opportunity to develop real, concrete solutions that will help mitigate climate change.
- Really enjoyed the problem solving aspect of the program. - Thomas Reyes
- It was great to brainstorm with experts from other fields.
