OBSTACLE

AEG NEW YORK 21Q4 SELECTED OBSTACLE

REGARDING MOBILITY & TRANSPORTATION, TO ACHIEVE NEW YORK CITY'S CARBON & EQUITY GOALS, A CRITICAL OBSTACLE TO OVERCOME IS ...

The absence of an integrated view on resilience and backup power for critical EV fleet charging.

”
- **KEITH KERMAN**
CHIEF FLEET OFFICER, DEPUTY
COMMISSIONER
NYC DCAS
Citywide Administrative Services

SOLUTION

AEG NEW YORK 21Q4 STAKEHOLDER CHALLENGE: MOBILITY & TRANSPORTATION

SELECTED 12 MONTH SOLUTION:

Deliver a EV Critical Fleet Strategy to classify resilience needs, solutions, and marginal costs that support Environmental Justice (EJ) considerations.

- M1:** Matrix of resilience scenarios and solutions
- M2:** Cost, EJ, and collaboration evaluation
- M3:** identify sites for collaborative POC projects

- TABLE # 1

Updates:

- We have been discussing critical EV fleet strategy and resilience since the onset of this task force
- Our cross-functional group has evaluated large scale and has zoomed in on a few key locations - Bronx Zerega Avenue
- Con Edison has developed a GIS map including Bronx Zerega avenue - this has been shared with task force
